Would you like to contribute to *Cereal Foods World*?

Cereal Foods World (CFW) is the flagship publication of AACC International, the largest international organization of cereal grain food scientists and related government, industry, and academic professionals working in the field of cereal grain-based foods.

CFW publishes four types of articles:

- Feature Articles
- Columns
- Technical Overviews
- Reports

Examples of these papers and “Instructions for Authors” can be reviewed at www.aaccnet.org/cerealfoodsworld/instructionsauthors.asp.

All submitted articles are subject to review. Authors considering submission to CFW should contact Susan Kohn, executive editor, at skohn@scisoc.org before submission to determine whether CFW is the appropriate publication for their research.
